The Hon. Sec.

Anti-Partition of Ireland League,

Lisara.

I have recently been considering the work done & progress made by the Provisional Council of the League and have come to the conclusion that it may be desirable to enlist the services of some young & enthusiastic workers who can devote time & energy in carrying out the various schemes of work agreed upon in the immediate future.

I have therefore decided to tender you my resignation as member of the Provisional Council and request you to accept this note as formal resignation.

Full understanding of the viewpoint of Dublin & London and hearty co-operation between them are necessary

for smooth and effective working -

Wishing you & all former members  
of the Council full success in your  
labours

I am  
Yours truly  
Fintan Murphy.
